

**Do you have
questions
about lung
cancer?**

**LungMATCH
can help.**

Confronting Lung Cancer Starts Here

go2.org

LungMATCH is a program that helps to answer your questions about lung cancer and treatments. You can talk one-on-one with our trained and caring navigators who are here to help you understand your treatment and clinical trial options and help guide you along your treatment path.

LungMATCH can help in 3 ways:

Answer treatment questions

Explain test results

Find clinical trials

How do I get help?
